[AIMS AND SCOPE]

The UV2016 Students' Forum will be organized as one of the events of The Third International Conference on Universal Village (UV2016) to be held from 6th – 8th October 2016 at Nagoya University, Japan (<http://uv2016.universal-village.org/>). The UV 2016 students' Forum aims to establish a platform for international students to exchange their research experience and vision with peers, to get constructive feedback from senior researchers, and collaborate beyond the boundaries of individual research fields. The forum is expected to invite students and student group leaders with different backgrounds to communicate and to share their vision on future community, environment and life styles. The target audience for the forum is mainly students, their advisors, related researchers and also the attendees of UV Conference in general.

[FORUM CONTENT]

The forum will include the following content:

1. UV Research Project Report

Student teams will be invited to present their ongoing research work relevant to various UV topics, including, intelligent transportation, intelligent environment & communities, intelligent healthcare, intelligent food systems, new life styles enabled by IT, new energy sources, new materials, effective microorganism technology, and environment.

2. Technology Review, Future Vision, and Hot-topic Discussion

Review technologies with huge impacts and great vision, discussion around several important hot topics, including the social spotlights, social trends, future vision, etc.

3. Entrepreneurship Initiative Relevant to UV Technologies

Students will be invited to share their experience of starting their own companies for UV related technologies.

4. UV Student Group Leadership Discussion

Student organization leaders will be invited to share their activities and experience on how to promote the human-nature harmony concept in their Universities and local communities.

5. Round-table Discussion on Future Development of UV Students' Forum

A future plan for the development of UV Students' Forum, including an international alliance of university UV student organizations, a virtual UV hackathon, etc. will be explored.

[TARGET SPEAKERS]

The target speakers of UV Student's Forum include UV Research Project Presenters (1), Technical Reviewers (2), Entrepreneurship Presenters (3), and Student Group Leaders (4). The speakers will be chosen from the following two resources:

- Recommended by UV2016 committee members
- Proposal from students or existing student organizations

[FORUM SETTING & FORUM]

The forum will be hosted in a room which is suitable for round-table discussion and presentation. The official forum will be held as a one day event, but students will be free to organize other informal events outside the official one as they may wish.

[FINANCIAL SUPPORT]

Travel grants will be provided for a few students at selected Chinese and USA universities to cover airfare and accommodation in Nagoya for 4 nights (5th – 8th October) and conference registration fee (JPY 20,000 for students). Conference registration fee will be covered for a few students at selected Japanese universities.

Students at selected Chinese, Japanese and USA universities who wish to be candidates for UV Research Project Presenters (1), Technical Reviewers (2), Entrepreneurship Presenters (3), and Student Group Leaders (4) and who wish to receive financial support should send a **one-page proposal as well as their financial needs (for full support, ½ support or ¼ support)** to uv2016studentsforum@gmail.com.
